An Independent Nonprofit  
Adult Medical Day Care

*Donate Today!*

WHY DONATE?

410-535-0133

Prince Frederick, MD 20678  
[www.adcofcalvertcounty.org](http://www.adcofcalvertcounty.org)

Please consider donating to Adult Day Care of Calvert County!

Mission Statement:

***“The primary goal of Adult Day Care of Calvert County is to enhance and maintain the health, functional independence, and general well-being of frail elderly and disabled adults in Calvert County, through community based health care, nursing interventions, social and recreational programs, advocacy, and support services. The program will be administratively structured to provide these services to all eligible participants regardless of their financial status or ability to pay, without discrimination as to race, color, national origin, sex, religion, or handicapped condition.”***

Often mistaken as a County funded program, **Adult Day Care of Calvert County** is a small independent nonprofit adult medical day care center, located in a County building, on the lower level of the health department building in Prince Frederick. Income is primarily derived from participant fees, reimbursements, and philanthropic support. When there are shortfalls in any of these areas, the program can suffer. A boost in community support can help with our goal of quality care and sustainability. All donations are tax deductible subject to ruling 501(c)3.

What is Adult Medical Day Care, and what is the impact to the community?

Adult Medical Day Care, also known as Adult Day Services, can be viewed as a form of respite for caregivers of elderly and disabled adults. In addition, the programs provide health services, therapeutic services, and social activities for people with Alzheimer's disease and related dementia, chronic illnesses, traumatic brain injuries, developmental disabilities, and other problems that increase their care needs.

**Contact us for referrals or for more information.**

With a growing at-risk population, adult day care provides a viable solution to communities looking for options to safely and affordably age in place and/or supplement other forms of care.

Adult Day Care of Calvert County Facts:

- Providing quality care since 1986
- Not a county funded program
- Licensed & regulated by Maryland DHMH, which include requirements for staffing, transportation, and meals
- Community support is essential to thrive
