

ELIGIBILITY & COST

Adult Day Care of Calvert County is an independent nonprofit organization providing medical & social day care programs to elderly and disabled adults. Daily fees for are typically less than other care options and may be combined with other forms of care. The daily fee is billed monthly in advance.

Adult Medical Day Care: Adult Medical Day Care is suitable for frail or impaired seniors 55 or older, or disabled adults 18 and older. Eligibility is based on physical, mental or emotional impairments. Enrollment required, and a regular weekday schedule of up to 5 days per week will be arranged.

A sliding scale fee is currently available, through a state grant, for those who qualify financially. Fees can range from \$7.75 to \$77.50 per day. A day of service is defined as at least 4 hours which translates to care at an hourly rate of under \$20, at the most. Payment options include Private Pay, State grant with a sliding scale based on the “Ability to Pay Schedule” provided by the Department of Health and Mental Hygiene, Medicaid Medical Assistance Waiver for Adult Medical Day Care, and the Provision of Adult Day Health Services through the Veterans Administration (Adult Day Care of Calvert County is an approved facility for veteran’s benefits), or Long Term Care Insurance. Contact us for more information on the “Ability to Pay Schedule”, and fees for service.

Senior Center Plus: Adult Day Care of Calvert County is now certified for the Senior Center Plus social (non-medical) day care. Senior Center Plus is designed to have an impact on adults who are physically frail or cognitively impaired. Social non-medical day care is perfect for those who may benefit from supervision, socialization, and planned activities, but who may not have the need for medical monitoring.

The daily private pay rate is less than the Adult Medical Day Care program because the level of personal support is less than that of Adult Medical Day Care. A Senior Center Plus day of service is also defined as 4 hours minimum. Although a sliding scale fee grant is not currently available for our Senior Center Plus program, this service is eligible for Medicaid reimbursement via the Maryland Medicaid Waiver. Daily fee translates to less than \$12 per hour.

Adult Day Care Memory Break: A brief break for memory impaired adults – Eligibility and availability is determined by Adult Day Care of Calvert County staff 48 hours in advance. Non-medical supervision only.

\$25 per session; Morning Session 8am – 10am; Afternoon Session 2pm – 4pm
